

Pistol Grip - Hand Tool for SlimLine (SL) Modular Jacks

The latest innovation in Termination Technology !

- Fast & Easy**
- Reliable & Repeatable**
- Higher Performance**
- Higher Quality**

The new AMP NETCONNECT Pistol Grip Tool terminates a 4 pair Twisted Pair Cable in **one crimp cycle**. Compared to classical Punch-Down Tools, it provides **faster** but also **more reliable and repeatable** connections. The Cable Manager provides an easy way to prepare all wires for the termination by keeping **the shortest distance of untwist**, what is fundamental important especially for all Category 6 terminations. For that reason this new tool ensures perfectly real **high performance and high quality installations**.

Please see also Instruction Sheet No. 411-93001

- Part Numbers:**
0-0790187-1 Pistol Grip Handtool (including Cable Manager)
0-0790178-1 Cable Manager

The Pistol Grip Hand-Tool terminates all AMP NETCONNECT SlimLine (SL) Modular Jacks and is therefore the ideal solution for all Category 6 and Category 5 installations.

Applicable AMP NETCONNECT Modular Jacks:

Part No.	Description
Category 6:	
0-1375055-x	UTP Category 6 SL Modular Jack
0-1375188-1	Shielded Category 6 SL Modular Jack
Category 5 Enhanced:	
0-1375191-x	UTP Category 5E SL Modular Jack
0-1375189-1	Shielded Category 5E SL Modular Jack
Category 3:	
0-1375192-x	Category 3 – RJ11C/RJ14C/RJ25C SL Modular Jack

x denotes colour: x=1: Almond, x=2: Black, x=3: White
 Other colours upon request.
